WORK EXPERIENCE

Laborer/Operator - Highlands Ranch, CO

[DES PIPELINE Maintenance: May 2020 to Present](#)

Jet and survey storm and sewer pipelines contracted to the company from water and sanitation districts primarily. Secondarily keeping up with equipment to make sure all is in working order which includes soldering, keeping hardware and vehicles in good condition as well as keeping it all tidy. I also coordinate with other companies, leading a team, to clean and survey pipes on new construction sites. Read maps on a daily basis and CDL class B tanker driven here as well.

Beertender/Server- Lakewood, CO

[Old 121 Brewhouse: June 2019 to May 2020](#)

Serve customers in a friendly manner, counting drawers, making deposits, cleaning and locking up or opening for the day. Spent most days running the place alone and would take extra steps to keep the place clean and in line. Owner offered a brewing internship, which I spent multiple days helping and learning to become better acquainted with the product.

Prepared Foods Team Member - Littleton, CO

[Whole Foods Market: September 2018 to May 2019](#)

Prepare ready to eat foods, help customers with those foods as well as slice deli meats and cheeses, and clean the work area throughout the day and at closing. Would take extra steps to help come up with inventive ways to be more efficient with the product.

General Manager (GM) - Littleton, CO

[Papa Johns Pizza: January 2017 to August 2018](#)

Starting as a Shift leader I would help run the team, open or close the store by myself, make sure our product was quality as well as keep team members satisfied. Would also take any customer complaints and make it right with them to keep the customer happy. After 11 months was promoted to General Manager of the store. My duties there included all the previous as well as added, hiring and firing as needed, team members. Would make budgets and set goals for the month as well as weekly, make orders for our product, train all of my team members. Also would make the schedules in a timely manner and would perform interviews for possible hires.
